President's Message

Dear Foreign Commerce Club Members and Guests,

It is my pleasure to welcome you to the Foreign Commerce Club of New York's 101st Annual Steamship Night Dinner in celebration of over a century of achievement. As the oldest not-for-profit Traffic Club in the North East, our membership and our Club has continued to provide fellowship and learning opportunities to its members and business partners in the world of international trade.

Over the past year, our Board of Governors, whom I would like to publicly thank here for their expertise and hard work, have arranged several functions including Members Night, Shipco Warehouse Tour, GCT Tour, yearly Golf Outing, H & M Terminal Tour, Maher Terminal Tour, Holiday Luncheon and tonight's Steamship Night Dinner. These Fundraisers have allowed us to make donations to SUNY Maritime College, The Make A Wish Foundation, The Hole in the Wall Gang Camp and The Greenwich Autism Alliance.

As a longtime member of the FCC, I have enjoyed meeting industry colleagues and friends I have made, industry information I've gained and proud of the generous support we have provided to deserving charities. I invite you to join this legendary organization as we enter into our second century of service. For more information please visit our website at www.fccnewyork.com

Again, thank you for your attendance here tonight.

Sincerely,

Walter Carney

John J. Nardi

**President
New York Shipping Association**

John J. Nardi, President New York Shipping Association

John J. Nardi was appointed President of the New York Shipping Association in June 2013, after serving as Executive Vice President since 2011. John played a key role on the NYSA bargaining committee as it engaged in a twelve-month negotiation period with the International Longshoreman's Association (ILA). These deliberations ultimately resulted in a strong six-year contract agreement.

In 2014, John served as the Vice-Chair of the Port Performance Task Force which was created to identify and resolve performance issues in the port which impact fluidity and growth. He currently co-chairs the Council on Port Performance which is the committee charged to implement the recommendations of the Task Force. John is overseeing the equipment implementation team working group.

A 31-year veteran in the maritime industry, John began his career with Atlantic Container Line. His experience at ACL started with their trucking division, Atlantic Coast Express and later its terminal operating affiliate Atlantic Coast Stevedores. He was also the General Manager of Liner and Terminal Operations, responsible for Vessel Sharing Agreements and Terminal Operations in the U.S. and Europe for ACL's liner business.

In 1994 John joined Hapag-Lloyd (America) Inc. where he held a series of management positions. As Executive Vice President of Corporate Operation, John was instrumental in successfully integrating CP Ships North American Operations with Hapag-Lloyd's after CP Ships was acquired in 2005. He assumed full operational responsibility for Latin and South America in July 2009 when Hapag-Lloyd merged its North America and Latin America Operations.

John is a graduate of the State University of New York Maritime College where he completed a Bachelor of Science degree and earned his Third Mates License. He serves on a number of industry boards including the United States Maritime Alliance. He previously served as Chairman of the Ocean Carrier Equipment Management Association, Board of Directors of Consolidated Chassis Management and a working group member of the World Shipping Council.

Dear Walter,

Thank you for making a gift to The Hole in the Wall Gang Camp for the Steamship Night Dinner to The Hole in the Wall Gang Camp, one of our Community Events. You are continuing Paul Newman's dream of providing "a different kind of healing" to seriously ill children and their families.

Because of your support and the support of a generous community, we serve more than 30,000 children and family members coping with cancer, sickle cell anemia, metabolic disorders, HIV/AIDS and other blood disorders each year. In addition to our summer program in Ashford, Connecticut, the fun and friendship continue year-round through spring and fall weekend programs for campers and their families, daily visits from Hospital Outreach specialists to children at more than 25 sites throughout the Northeast and the newly launched CampOut program which brings the spirit of Hole in the Wall right to camper homes, schools and neighborhoods.

Please visit our website and like us on Facebook to join the fun and witness all that your support makes possible. Should you have any questions, please do not hesitate to reach out to Team Hole in the Wall at 203-777-0522 or info@teamholeinthewall.org.

With great appreciation,

James H. Canton
Chief Executive Officer

Dear Friends:

Thank you for partnering with us to make children's wishes come true!

We're very grateful for your gift of **\$7,000.00** to the Make-A-Wish Foundation® of Metro New York and Western New York. Your donation will help grant the wishes of children with life-threatening medical conditions to enrich the human spirit with hope, strength and joy.

The impact of your support is seen in the smiles on wish children's faces as their greatest dreams come true, and held within their hearts for a lifetime.

As one wish parent expressed, "Often, the emotional effect of illness is far greater than the physical and medical aspect. You are involved in strengthening children who are not well, one of the greatest accomplishments possible...the gift of life."

You can share in the magic you've helped to create by visiting metrony.wish.org and enjoying the inspirational stories of local wish children and their families.

Again, thank you for your life-affirming support.

Best wishes,

National and Community Alliances, Manager

We note for your IRS records that you have not received any goods or services in return for this donation.

Although there is no guarantee that your name will be published, please notify us if you do not want your name in future Make-A-Wish publications. A great many of our donors request additional donation envelopes. We've enclosed one for your convenience, and ask that, if you choose not to use or save it, you please pass it on to a friend or colleague. Thank you again

Dear Mr. Carney:

It is our pleasure and honor to thank the Foreign Commerce Club of New York for the generous gift of \$4,000 for the recipients of the 2014 FCC scholarships. Cadet Shea Sweeney and Cadet Addyson Vignola each received \$2,000.

The campus is an exciting place and we are really creating a buzz among our peer schools, those within the region and the SUNY system in general. Our trajectory is on an upward trend as the quality of the students that are interested in our programs and our campus just keeps improving with every incoming class.

Again, on behalf of our students, faculty and staff, thank you for the Foreign Commerce Club of New York's support.

Sincerely,

Welcome to **SOUTH CAROLINA PORTS**
MYRON RIVERS, CRANE OPERATOR, CHARLESTON, SC

Moving 40-50 containers per hour is a tough job, and no one does it better than the SC Ports. Day in and day out, skilled crane operators like Myron make our ports work. We handled nearly 1.1 million containers in the last fiscal year. And cargo velocity is higher than ever. Our box volume is growing, but our productivity won't budge. Good thing we have the right people to keep freight moving.

At NYK, we do more than 'ship' goods all over the world.

Our *monohakobi* (transport) comes in various forms: by sea, air, and land via rail and road.

The entire globe, within reach.

Satisfying customers through flexible ideas and solutions,
going beyond the realms of marine transport
in the growing markets of Asia, and beyond. We are, NYK.

CREATING
VALUE
AT EVERY
POINT OF
TRANSFER

When a long, tall or heavy product is delivered by WWL, it's not just another handover. It's the last in a series of tailor-made solutions designed to perfection. It's about providing the right vessels and specially designed equipment to enable smooth transitions between land and ocean. And it's about combining decades' worth of handling expertise with a truly global network. Whether you need reliable shipping from A to B or door-to-door solutions, we work with you to create value at every handover.

Through this approach we help our customers reduce transport risks and increase delivery precision. Find out more about how we can create value together at bit.ly/WWLcases

BOLD STEP

The commissioners of the **ports of Seattle and Tacoma** decided to do something never done before.

They decided to **combine the strengths and resources** of the two ports instead of competing with each other.

The Alliance was formed to forward the highest standards of **operational excellence**, optimize strategic and **infrastructural investments**, offer better, complete **value to the customers**, **benefit the community** and consolidate negotiating power on state and federal levels.

The result is the **3rd largest gateway** in North America.

Ranked #1 for **ease of doing business** with.

Example is set.
